MAKE THE SAFE CHOICE

Keep your tires in firm contact with the road. To be safe, your tires should keep a firm grip on the road. That's what MONROE[®] SENSATRAC[®] shocks and struts are designed to do. With worn shocks, your tires could lose contact with the road. With a new set of Monroe[®] Sensa-trac[®] shocks, your tires will hold the road – giving you comfort and extra control. Like two shocks in one, Monroe[®] Sensa-trac[®] can make even the most demanding road feel safer.

Have your shocks & struts checked every 12,000 miles ... just to be safe
