

COMMUNITY APPRECIATION WEEK

Pain Management vs. Freedom from Pain

We are bombarded daily with advertisements that offer training in pain management techniques. Many people need not learn to live with pain, they need to find a way to eliminate it. Serving the community for 24 years, Dr. Radermacher has helped his patients discover good health and freedom from pain through chiropractic. If you or someone you know is suffering from any of the symptoms listed below, it is time to find freedom from pain and begin living well again. Call 262-255-7700 for an appointment.

Community Appreciation Week scheduled for the week of July 20th thru July 24th. An exam, x-rays and consultation is offered for a \$15.00 donation to the St. Boniface Food Pantry. Call early to see if chiropractic care can help you.

- Pain in back and legs
- Numbness in your arms and hands
- Numbness in your legs and feet
- Headaches
- Neck pain
- Lower-back pain

Dr. Keith Radermacher, D.C.
